

WHY RECYCLE?

We are fortunate in Sedgwick to have a curbside recycling program provided to us by Waste Connections. Diverting recyclables from the waste stream is the responsible thing to do as a community. First, it extends the life of our landfill and conserves natural resources. Second, recycling saves your tax dollars in the form of a reduction in tipping fees paid at the landfill to dispose of garbage.

Recycling is more than just an activity it is a way of thinking that becomes a way of life, once the commitment has been made.

Recycling Bins make recycling easy...

RINSE OUT ITEMS BEFORE PLACING IN BIN.
NO SORTING REQUIRED!
